Delete discount ladder

Ulf Kronsell - 2023-07-03 - [Discounts](#)

Click **Economy** and then **Discount codes** in the left menu. Click the tab **Discount ladder**. Click the discount ladder you want to delete, in the bottom right corner click the button **Remove**.

NOTE! Orders/Licences with automatic renewal (subscriptions) will still get the discount from the discount ladder, even after it's been deleted, for subsequent renewals as long as the subscription is running.

The screenshot shows the Skolon web interface. On the left is a sidebar with navigation options: Home, Activated demos, Economy (selected), Licence management (8), and Tools. The main content area has tabs for Order history, Discount codes, and Discount ladder (selected). Below the tabs, there's a breadcrumb trail: Economy / Discount codes / Discount ladder. A filter bar at the top allows selecting School, Tools, or Discount. The 'Select school' section includes a search bar and a table of schools. The table has columns for School, Status, Discount link, and Number of schools. The first row is 'All schools in Skolon' with status '-' and 'Information missing'. The second row is 'Skolonkommunen' with status 'Existing customer' and '4' schools. At the bottom right, there are 'Terms of Service' and 'Support' links, and a 'Remove' button highlighted with a red box.

School	Status	Discount link	Number of schools
☐ All schools in Skolon	-	-	Information missing
☒ Skolonkommunen 115 teachers, 4436 students	Existing customer	-	4

Confirm removal by clicking **Remove**.

This screenshot shows the same interface as the previous one, but with a modal dialog box open in the center. The dialog is titled 'Remove discount ladder' and contains the following text: 'Are you sure you want to remove the entire discount ladder?' and 'Removing discount ladders does not affect purchases that have already been made or active subscriptions.' At the bottom of the dialog are two buttons: 'Cancel' and 'Remove'. The 'Remove' button is highlighted with a red box.
